

CHAPTER 7. DESIGNATION OF STREET ADDRESS NUMBERS

7.01 Address numbers in the Village of Pesotum shall be assigned in the following manner:

7.01.01 “Streets” Running East and West:

- A. Address numbers shall be assigned for every 80 feet of property adjacent to each street.
- B. Numbers shall be assigned in an easterly direction beginning with property east of Chestnut Street. Consecutive even numbers beginning with the number “100” shall be assigned to each 80 foot section of property on the north side of each street. Consecutive odd numbers beginning with the number “101” shall be assigned to each 80 foot section on the south side of each street.
- C. Numbers shall be assigned in a westerly direction beginning with property west of Oak Street. Consecutive even numbers beginning with the number “100” shall be assigned to each 80 foot section of property on the north side of each street. Consecutive odd numbers beginning with the number “101” shall be assigned to each 80 foot section on the south side of each street.
- D. Assignment of numbers of each direction shall continue until a labeled street running north and south is reached or until seven consecutive even numbers or seven consecutive odd numbers have been used. At this point a new hundred series of numbers shall begin. New hundred series shall begin each time seven even or seven odd numbers have been used.

7.01.02 “Streets” Running North and South:

- A. Address numbers shall be assigned for every 80 feet of property adjacent to each street.
- B. Numbers shall be assigned in a southerly direction beginning with property south of Lincoln Street. Consecutive even numbers beginning with the number “100” shall be assigned to each 80 foot section of property on the east side of each street. Consecutive odd numbers beginning with the number “101” shall be assigned to each 80 foot section on the west side of each street. From this point, assignment of numbers in each direction shall continue until a labeled street is reached or until seven consecutive even or seven consecutive odd numbers have been used. A new hundred series of numbers shall then begin.
- C. Numbers shall be assigned in a northerly direction beginning with property north of Lincoln Street. Consecutive even numbers beginning

with the number “10” shall be assigned to each 80 foot section of property on the east side of each street. Consecutive odd numbers beginning with the number “11” shall be assigned to each 80 foot section on the west side of each street. Numbering shall continue in this manner until the first labeled street is reached or until seven consecutive even or seven consecutive odd numbers have been used. At this point, new series of numbers shall begin with the number “100” on the east side of each street and the number “101” on the west side. From this point, assignment of numbers in each direction shall continue until a labeled street is reached or until seven consecutive even or seven consecutive odd numbers have been used. A new hundred series of numbers shall then begin.

7.02 Each numbered structure shall be designated by the lowest street address number assigned to any land lying beneath such structure. Where necessary to accommodate existing structures, street address numbers consisting of regularly designated numbers plus one-half may be utilized adjacent to the regularly designated number. It shall be prohibited to exhibit any street address number not determined in accordance with the provisions of this Ordinance.

7.03 The building commissioner shall have the power and duty to enforce the provisions of this Ordinance, and shall designate the street address number assigned to new structures upon the building permit issued therefor.
